

Recycling your Commercial and Industrial ... Plastics ...

-  High Density Polyethylene (hdpe) – drums, pipe, pallets
-  Polypropylene (pp) – crates, pots, corflute

Do you have rigid plastic items filling your bin ?

Are there piles of plastics taking up valuable space in your yard or warehouse?

We can help.....

We can provide plastic recycling services for your company and a reliable and cost efficient collection service. We also offer contract processing of your plastics if required. Some examples of rigid plastics include (but not limited to) drums, crates, pipe, pots, cable reels, buckets, IBC's, bottles, and food containers.

We specialise in building long term relationships and are happy to work with you to provide long term sustainable solutions to your recycling needs.

CLAW Environmental has over 10 years experience in the recycling of plastic and the current owners have over 20 years experience in the recycling industry.
